Various sessions of the conference will have brainstorming discussions.

This conference is the first ever big International meeting exclusively dedicated to the holistic approach in cancer. The conference will be extremely useful in the sense that it will be attended by hundreds of doctors and researchers from Modern Medicine (Allopathy), Ayurveda, Homeopathy, Naturopathy, Reiki and Traditional Practitioners of Yoga, Acupuncture, Siddha, Unani, Chinese Medicine etc. We also invite the modern and traditional practitioners of medicine of all the countries. The goal of the conference emphasizes interdisciplinary research and holistic approach to cancer treatment. This symposium will bring together a panel of highly-accomplished experts in various aspects of cancer. Talks will encompass basic studies through translational efforts and clinical trials and will address topics of novel issues. During the three-day conference, we will listen to recognized authorities in the field as they discuss recent advances, difficulties, and breakthroughs in the field of cancer. The conference will feature keynote addresses, a number of plenary sessions, invited talks and contributed lectures focusing on specific tenets of cancer. Additionally, there will be several poster sessions, and four best poster presentations will be selected for the award.

In view of your excellent contributions to the field of cancer, we would like to welcome you to give an invited talk at the conference. The scientific committee of the conference is aware of your published works in this field.. We would appreciate if you could e-mail us a one-page abstract of the talk (in the MS Word format) at the earliest to the conference E mail ID, worldcancer2009@gmail.com An appropriate title could be decided by you.

During the conference we can have preliminary discussion meetings in order to submit a joint project to European Union under the Seventh Frame Work of EU-India programme for funding between your country, India and Austria. This is optional.

Please note that due to budgetary constraints, we are unable to provide financial assistance. The registration fee for the conference is fixed at an affordable rate.
