

CONTRIBUTORS

Hiroshi Ageta

Division for Therapies against Intractable Diseases, Institute for Comprehensive Medical Sciences (ICMS), Fujita Health University, Toyoake, Aichi, Japan

Pål Aukrust

Research Institute for Internal Medicine, and Faculty of Medicine, University of Oslo; Section of Clinical Immunology and Infectious Diseases, Oslo University Hospital, Rikshospitalet, Oslo, Norway

Zhenzhi Chng

Institute of Medical Biology, Singapore, Singapore

Sun-Cheol Choi

Division of Molecular and Life Sciences, Pohang University of Science and Technology, Hyoja-dong, Nam-gu, Pohang, Kyungbuk, Republic of Korea

Tuva B. Dahl

Research Institute for Internal Medicine, Rikshospitalet, Oslo, Norway

David M. de Kretser

Monash Institute of Medical Research, Monash University, Monash Medical Centre, Clayton, Victoria, Australia

Wolfgang H. Fischer

Bayer Schering Pharma, Global Drug Discovery, Analytical Development, Forschungszentrum Aprath, Wuppertal, Germany

Masayuki Funaba

Division of Applied Biosciences, Kyoto University Graduate School of Agriculture, Kitashirakawa Oiwakecho, Kyoto, Japan

Olav A. Gressner

Department of Clinical Chemistry and Molecular Diagnostics, Philipps-University of Marburg, Marburg, Germany

Bente Halvorsen

Research Institute for Internal Medicine, and Faculty of Medicine, University of Oslo, Rikshospitalet, Oslo, Norway

Jin-Kwan Han

Division of Molecular and Life Sciences, Pohang University of Science and Technology, Hyoja-dong, Nam-gu, Pohang, Kyungbuk, Republic of Korea

Seungil Han

Pfizer Inc., Pfizer Global Research and Development, Groton, Connecticut, USA

Craig Anthony Harrison

Prince Henry's Institute of Medical Research, Clayton, Victoria, Australia

Osamu Hashimoto

Laboratory of Experimental Animal Science, Faculty of Veterinary Medicine, Kitasato University, School of Veterinary Medicine, Towada, Aomori, Japan

John Willy Haukeland

Department of Gastroenterology, Oslo University Hospital, Aker, Rikshospitalet, Oslo, Norway

David Hay

MRC Centre for Regenerative Medicine, The University of Edinburgh, Edinburgh, United Kingdom

Mark P. Hedger

Monash Institute of Medical Research, Monash University, Monash Medical Centre, Clayton, Victoria, Australia

Hong-Yo Kang

Graduate Institute of Clinical Medical Sciences, and Center for Menopause and Reproductive Research, Chang Gung Memorial Hospital-Kaohsiung Medical Center, Chang Gung University, College of Medicine, Kaohsiung, Taiwan

Jason King

MRC Centre for Regenerative Medicine, The University of Edinburgh, Edinburgh, United Kingdom

Radhika Korupolu

Clayton Foundation Laboratories for Peptide Biology, The Salk Institute for Biological Studies, La Jolla, California, USA

Yogeshwar Makanji

Prince Henry's Institute of Medical Research, Clayton, Victoria, Australia

Uwe Muenster

Bayer Schering Pharma, Global Drug Discovery, Analytical Development, Forschungszentrum Aprath, Wuppertal, Germany

Kenji Ogawa

Molecular Ligand Discovery Research Team, Chemical Genomics Research Group, ASI, RIKEN, Hirosawa, Wako, Saitama, Japan

Catherine Payne

MRC Centre for Regenerative Medicine, The University of Edinburgh, Edinburgh, United Kingdom

Roger Pedersen

Anne McLaren Laboratory for Regenerative Medicine, University of Cambridge, Cambridge, United Kingdom

David J. Phillips

Monash Institute of Medical Research, Monash University, Monash Medical Centre, Clayton, Victoria, Australia

Ratindra Rastogi

Clayton Foundation Laboratories for Peptide Biology, The Salk Institute for Biological Studies, La Jolla, California, USA

Jessica Read

Clayton Foundation Laboratories for Peptide Biology, The Salk Institute for Biological Studies, La Jolla, California, USA

David Mark Robertson

Prince Henry's Institute of Medical Research, Clayton, Victoria, Australia

Chih-Rong Shyr

Department of Laboratory Medicine and Biotechnology, Tzu Chi University, Hualien, Taiwan

Kunihiro Tsuchida

Division for Therapies against Intractable Diseases, Institute for Comprehensive Medical Sciences (ICMS), Fujita Health University, Toyoake, Aichi, Japan

Ludovic Vallier

Anne McLaren Laboratory for Regenerative Medicine, University of Cambridge, Cambridge, United Kingdom

Kelly L. Walton

Prince Henry's Institute of Medical Research, Clayton, Victoria, Australia

Rie Watanabe

Department of Diabetes and Clinical Nutrition, Kyoto University Graduate School of Medicine, Kyoto, Japan

Wendy R. Winnall

Monash Institute of Medical Research, Monash University, Monash Medical Centre, Clayton, Victoria, Australia

Arne Yndestad

Research Institute for Internal Medicine, Rikshospitalet, Oslo, Norway
