春暖花開的季節,學務處心輔組,特別邀請到Lothar Spillmann老師,爲在北港校區大一新生演講,主題是:光陰的故事-生命教育講座,來和同學聊聊,他怎麼看 待中國醫藥大學的學生?對大學生們的建議;怎麼面對生命的困境?他對台灣問題的見解以及對於人生這件事的想法,從巨視、多元的角度來看待人生。

講者介紹:73歲的Lothar老師,來自德國,經歷過「柏林圍牆」倒塌的歷史,是位視神經的專家;在台灣,這樣的年紀是退休的年齡,但他卻繞了半個地球,來到 了台灣,繼續傳承他對學術專業的堅持以及綻放他對生命的熱情。

這是Lothar老師對中國醫藥大學學生的想法、讚賞與期許:

Every morning when I walk to the campus of China Medical University, I am greeted at the gate by four words; Compassion, Prudence, Diligence, Integrity, Do you know what these words stand for? The university wants you to be a caring, but disciplined and hard-working student who lives according to accepted values.

These are noble words. Your obligation is to make these virtues come true.

As students of China Medical University, you are privileged. There are many young people out there who do not have the money or the talent for study. You should be grateful to your parents who support your university education. Be filial to them when they grow old.

You have chosen the best university for yourself and you have decided to accept responsibility for your future.

This university wants you to become proud leaders. Why should you be proud? - Because of your excellence in learning, creating, and performing in a challenging academic environment. The university is no playground; it is a place to prove yourself.

When you give up your pride, you give up your freedom. As a university student you want to assert yourself.

Běigðing Campus of CMU focuses on: nutrition, biotechnology, dental hygiene, imaging, physical therapy, public health, rehabilitation, and respiratory therapy. These are all fields towards which you can make a contribution and where your contribution can make a difference. (欲知全文,請至學務處心輔組網頁下載)
