Dear Dr. Ching-Yuang Lin:

On behalf of the American Society of Nephrology (ASN), thank you for submitting an abstract for the ASN Kidney Week 2014 Annual Meeting, November 13-16 in Philadelphia, PA. We are pleased to inform you that your abstract **#289 "Foxp3<sup>+</sup> regulatory T cells differentiate into IL-17<sup>+</sup> T cells, contributing to renal fibrosis"** has been selected by ASN's Program Committee for poster presentation. The details of the poster session are outlined below:

### Poster Session

|                      |   |
|----------------------|---|
| Session Title:       | Apoptosis, Proliferation, Autophagy, Cell Senescence, and Cell Transformation |
| Session Date, Time:  | Friday, 11/14/2014, 10:00 AM - 12:00 PM                                       |
| Your Poster Board #: | FR-PO681  |

Your poster board number will correspond with the number printed in the ASN Program Builder and Abstract Supplement. Your poster board area will be approximately 4 feet high (1.219m vertical) by 8 feet wide (2.438m horizontal). Please reference the poster instructions to prepare your poster. Exhibit Hall access for poster presenters during the poster set-up/dismantling times will be located at the Exhibit Hall A door. Please plan to set up your materials on your assigned board on Friday, 11/14/2014, between 7:30 a.m. – 9:15 a.m. Posters should be on display all day while the exhibit hall is open (9:30 a.m. – 2:30 p.m.). **ASN cannot be responsible for posters that are not removed by the specified poster dismantling times. Please [click here](#) for additional poster instructions.**

One of the abstract co-authors must remain at the poster throughout the designated "Poster Presentation" period, which is 10:00 a.m. – 12:00 noon. Many members have noted, and the Program Committee agrees, that the quality of the poster session is reduced when authors are not available to discuss their work.

### Poster Printing Service

ASN is pleased to provide a convenient, high quality poster printing service to all poster presenters. This innovative and easy-to-use service allows you to quickly create a poster or upload your own poster. Your poster will be professionally printed and proofed, and best of all, your poster will be waiting for you when you arrive at the meeting in Philadelphia. Prices start as low as \$99. You will receive a separate email with instructions for accessing this program in September.

### Posters On-Demand

All posters must be included in Kidney Week Posters On-Demand. This resource allows you to maximize the reach of your poster and fully paid participants to access electronic versions of the posters during and after the meeting. ASN will email upload instructions to the lead authors in September. Lead authors who do not provide their posters for Posters On-Demand may not be eligible for poster presentation next year.
